

Entrance Scholarship Application Form

Who is eligible?

Applicants from high school with an admission average of 88% or higher are eligible to be apply for entrance scholarships. Your admission average is the average of the five courses used for admission. This will likely differ from your overall high school average.

How do I apply?

Submit this application and attach three copies of a high school essay by **March 1** for consideration.

What kind of essay should I submit? Your essay should be analytic or comparative in nature; in other words, it should create and defend a thesis statement. An essay of at least four pages is best for evaluation purposes. If the essay is longer than seven pages, please ensure it is well edited and represents a clear, effective argument.

Why do I need to submit an essay? King's is a community of scholars and we deeply value the power of the written word. We want our scholarships to reflect these values, so we require all scholarship applicants to submit an essay for consideration. We feel this process of evaluation helps us better identify the students who will excel in the interdisciplinary educational approach of King's. Using the essays as an evaluation tool along with the admissions average allows us to take a more holistic approach to individual merit.

What can I expect?

Entrance scholarships range up to \$9,000. Following first year, students are considered for in-course scholarships based on the precise GPA obtained during university course work. By providing scholarships on a yearly basis, students are less likely to lose their scholarships from a one-year grade drop, as often happens with more standard scholarship models.

Applicant Information:

Applicant name: _____ Applicant birthdate: **D D / M M / Y Y**
